**Congratulations!** We are pleased to inform you that you have successfully completed the Clinton Global Initiative University (CGI U) 2020 program. CGI U is thrilled to recognize your work and officially welcome you into the alumni community!

CGI U is an educational program and conference where student leaders, activists, social entrepreneurs and civic society members come together to address some of the world's most pressing challenges. Each CGI U participant makes a Commitment to Action, a concrete plan for a social enterprise or charitable project that makes a measurable difference in at least one of following focus areas: education, environment and climate change, peace and human rights, poverty alleviation, and public health.

Through CGI U, participants learn from subject matter experts and each other in an effort to advance innovative social enterprises and philanthropic projects around the world. CGI U was created to inspire college students to take action as global citizens and equip them with the skills and knowledge to make a meaningful, measurable impact.

Each year, CGI U's curriculum, mentorship, plenary lectures and panel discussions highlight the work of leaders from the government, academic, business, and nonprofit sectors.

Congratulations once again and we look forward to seeing what you do next!

Sincerely,
