

CERTIFICATE OF PARTICIPATION

This document is to certify that Polychemics Biotech successfully completed the UNLEASH+ pre-acceleration program in 2020/2021.

UNLEASH is a global non-profit initiative addressing the United Nations Sustainable Development Goals (SDGs) by bringing together young global talents with passion and potential and equipping them with the tools to co-create innovative solutions to achieve the SDGs.

UNLEASH+ is UNLEASH's 6-month pre-acceleration program, designed to help teams progress their prototyped solutions addressing the SDGs into implemented solutions. Polychemics Biotech was selected among the top 50 teams to participate in the program, working with world-class experts and partners, as well as a strong community of talent to advance their social impact venture and successfully enter their market.

Fur further information, please contact plus@unleash.org.

On behalf of UNLEASH and Chemonics International,

FLEMMING BESENBACHER
Chairman, UNLEASH

JAMEY BUTCHER
President and CEO, Chemonics International
